

## Progress Log - Week 1

During this time I have been thinking on how to extend the list of research papers about the subject I intended to bring for the project

What discussed in the meeting:

- To find more research papers usable for the Literature Review
- To prepare the

What have to be done for next week:

- To have more research paper to read and work on
- To have a better idea of project proposal.

## Progress Log - Week 2

What I did this week:

I have researched and found more accurate research papers usable for the literature review  
Started to write the project proposal.
